Monitoring and Evaluation of Women's Economic Empowerment Programs:

Project Title	Monitoring and Evaluation of Women's Economic Empowerment Programs:
Summary	Review current women's economic empowerment programs led by the private sector to develop a toolkit to be utilized by USG missions. Work with the Bureau's women's economic empowerment initiative to monitor projects, develop communications strategies, and consolidate project reporting metrics.
Country	United States

Project Description

The virtual intern will conduct literature review, including publicly available data on U.S. private sector-led women's economic empowerment initiatives to contribute to a private sector toolkit in support of building public-private-partnerships. In addition, the intern will work on communication and social media strategies for existing projects that fall under the Bureau's Providing Opportunities for Women's Economic Rise (POWER) initiative. The intern will also work with the POWER team in monitoring and evaluating projects through data collection and analysis.
